“LEEP IS A FRESH START”
LEEP students are enrolled in VCAL (Victorian Certificate of Applied Learning). Students also have the opportunity to complete a VET Certificate (in a certificate as selected for the current year). Delivery of the program is flexible to allow students to complete their certificate over two years if required.

The program focuses on a team approach to develop co-operative working relationships. Teaching and learning is hands on and relevant to the lives of young people. By encouraging individual responsibility, students are expected to attend school regularly and punctually and to participate in all organised activities.

LEEP is run by teachers who understand that school is not for everyone but everyone deserves a chance to learn. If you think LEEP is for you or, you know a young person who would be interested in doing a Foundation, Intermediate or Senior VCAL, then ring LEEP for more information.

LEEP is a new beginning. It is about helping young people realise their potential and to embrace new opportunities, it is about building skills to work. But most importantly, it is focussing on helping young people to succeed. LEEP teachers are committed to supporting their students and challenging them to be the best they can be.

LEEP is based at Longbeach PLACE 15 Chelsea Road, Chelsea (Melway 97 C1) Mobile: 0409 947 477

Longbeach PLACE is within walking distance of the railway station, shops and the beach. It serves the community by providing a meeting place for various groups, as well as educational and social support activities for adults, in a safe and friendly environment.

Who is LEEP for?

We all know that round pegs don’t fit into square holes! Some young people have not had a good experience with learning. Some have had a disrupted education, some will do whatever it takes to avoid going to school and some just don’t seem to fit in. LEEP is an option for young people who have had these sort of experiences to come along and thrive.
