Enter your reflective comments		These ratings and self assessment are based on the thorough and formal review process undertaken in Term 4, 2022. The school has much to be proud of and achieves some excellent results. Particularly Student ATS, Parent Opinion Data, Attendance and Learning Growth. We are fortunate to receive significant equity, EAL Index and additional funding to bridge the gap for our students. Given this our rating with Support and Resources was assessed as excelling based on our strong record of converting funding into outcomes. All other areas rated at the embedding stage.

Considerations for 2023	We commence a new SSP for the next 4 years. We have 2 new Assistant Principals. We have 3 new Sub School Leading Teachers and a New Literacy Learning Specialist. This is a year to reset, support all our new leaders and start the 4 year journey toward meeting the targets in our SSP for 2026.

Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention.	Please leave this field empty. Schools are not required to provide a rationale as this is in line with system priorities for 2023.

Explain why the school has selected this KIS as a focus for this year. Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention.	This KIS has been selected as it was something identified and developed late in 2021 for 2022 implementation. This did not proceed in 2022 largely because the Principal was Acting SEIL for 6 months and the key Assistant Principal driver of our coaching model was Acting Principal in another school for Term 2. This situation coupled with the findings of our school review and the importance of a coaching/PLC model mean that this is a key priority in 2023. Skill staff to implement the KIS across the school via a strong and robust coaching, feedback and PLC program. We have a whole new SIT across the school so one KIS in 2023 will be more than enough against this goal.	
Goal 3	To improve the health and wellbeing of all students	
12 Month Target 3.1	Attitudes to School Survey (AtoSS): increase the percentage of positive endorsement in the following factors: Life Satisfaction from 44% (2021) to 50% Emotional Awareness and Regulation from 67% (2021) to 70% Student Voice and Agency from 60% (2021) to 63%

KIS 3.d Responsive, tiered and contextualised approaches and strong relationships to support student learning, wellbeing and inclusion	Build a proactive and strategic approach to wellbeing	No
Explain why the school has selected this KIS as a focus for this year. Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention.	This KIS has been selected for 2 key reasons. It is a DOE flagship strategy and is of high importance to achieving good student outcomes and having students ready for the adult world. Secondly, at Westall, we have quite passive and compliant learners who struggle to assert them self at times and act with confidence and conviction. There are cultural and language barriers at play. We need to work through that and keep pushing and promoting students to speak up, be loud and proud and have agency in their learning. We have a whole new SIT across the school so one KIS in 2023 will be more than enough against this goal.
