Selecting your iCreate Elective

Year 9 & 10 students will enrol in one elective from the iCreate electives list; this will run for the year.

Year 10 students have the option of selecting a VCE subject in place of a Year 9 & 10 Elective, providing that their results justify this selection.

Year 10 students have the option of selecting a VET program in place of an iCreate elective.

In order for a Year 10 student to be approved to study a VCE or VET subject, they must demonstrate their capacity to cope with the increased demands that will be placed on them. Senior School coordinators will consider the student's grades, progress and semester reports, learning behaviours, and attendance data in conducting the approval process during course counselling.

As a first step, interested students must discuss their suitability to study a VCE/VET subject with their Year Level Coordinator and Middle School Director of Learning. This needs to happen before selections are submitted online. Please be aware that additional costs are associated in completing VCE/VET subjects. For further information, see the VCE subject description in the Senior School Handbook and the External VET description handbooks.
